DBJ Asset Management Co., Ltd.

Signatory of:

DBJ Asset Management Signed the Principles for Responsible Investment (PRI)

As of December 2016, DBJ Asset Management Co., Ltd. (Hiroshi Hori, President & CEO) signed the United Nations–supported Principles for Responsible Investment (PRI).

Our purpose in signing the PRI is to indicate our commitment to practicing responsible investment from the environmental, social and corporate governance (ESG) perspectives in each area of our business and organization as appropriate. We believe this is essential to accomplishing our duty as a fiduciary investment manager, maximizing the value of each of our investments, and promoting sustainable growth.

We will continue to provide high-quality, responsible investment opportunities to our clients through our expertise in alternative investments, such as real estate, private equity and infrastructure investment.

[The Six Principles of PRI]

1. To incorporate Environmental, Social and Corporate Governance (ESG) issues into investment analysis and decision-making processes
2. To be an active owner and to incorporate ESG issues into our ownership policies and practices
3. To seek appropriate disclosure on ESG issues by the entities in which we invest
4. To promote acceptance and implementation of the Principles within the investment industry
5. To work with the PRI Secretariat and other signatories to enhance their effectiveness in implementing the Principles
6. To report on our activities and progress towards implementing the Principles
